For Norman Shinkle and any other canvasser not moving forward in a democratic fashion to approve Vice President Joe Biden as the next President of the United States: I say you are doing the corrupt bidding of our ex president. You are forsaking the voters of Michigan who have braved a pandemic and many other hardships. You are making A SPECTACLE OF CORRUPT BI PARTISAN POLITICS IN THE GREAT STATE OF Michigan. How could you do this? I have friends overseas and in other states asking me " what is wrong with Michigan. Please do your job and represent the people of Michigan. Thank you.

Dear Canvassers and fellow Michiganders:

Being a lifelong Michigander, I must express my pride and love for our beautiful state. Therefore, I am prompted to write to you today.

This grievous uncertainty surrounding our constitutional rights as voters not being fulfilled is a terrible mark on our 163 years history with the United States of America. No one person with a personal agenda, no matter how many people he riles up with his falsehoods, should bring us to the brink of authoritarianism.

Please, know that the vast majority of Michiganders support you doing your constitutional duty to certify today. I am one who will applaud doing the right thing today. I will also be happy for you as you have realized the need to listen to your individual conscience as you support the constitution and Michigan voters today.

Thank you for your attention.

State Board of Canvassers,

In America, we the voters pick our leaders -- our leaders don't get to pick and choose who they listen to and who they silence. And in our democracy, "We The People" means voters of every color and creed, background and zip code, no exceptions.

Michiganders from the Upper Peninsula to Detroit turned out in substantial numbers and elected Joe Biden by an overwhelming margin of 154,000 votes.

I'm writing because you have a sworn duty to certify the election and uphold the will of the voters. Any attempt to derail certification would violate your sacred oath and our rights as voters.

The United States has always conducted a democratic transfer of power, passing the baton from one leader to the next regardless of party.

I hope you will live up to your sworn oath and uphold the will of Michigan voters by certifying their results today.

I do believe that there was fraud involved and it's imperative that we get to the bottom of it, and/or rule it out.

As a US citizen I believe this should be of concern to ALL citizens, regardless of political party.

State Board of Canvassers

Dear Members of the State Board of Canvassers,

The November 3, 2020 General Election was carried out with the same processes, protocols and security as has been the case in all our previous elections, which the Board has certified unanimously.

I now ask you to carry out your mandate under state law and certify the General Election statewide. You have a legal duty to do so, but you also have a moral and ethical obligation. Your actions will be judged by our progeny, by history, and by people throughout the world.

Under state law, once all 83 counties in Michigan have certified their election results, you are entrusted with certifying the results. It's a simple clerical process that must legally occur before any auditing can occur. I hope there will be an audit so all Michiganders feel confident in the election results, but that can't occur until you vote to certify the Election.

Failing to certify on Monday won't change the outcome of the Election, but it will confuse the public and undermine confidence in our elections, which is bad for each and every American, regardless of political party.

The 2020 Presidential Election in Michigan was decided by 14 times more than the 2016 Election. Not only that, but turnout in the city of Detroit in 2020 was nearly identical to 2016 and President Trump performed better in Detroit in 2020 than in 2016. Additionally, the absentee counting boards in the city of Detroit were overseen by Chris Thomas, former elections director to Republican Secretary of State Ruth Johnson and Terri Lynn Land. As Mr. Thomas reports, there were Republican poll workers in the room the entire time and enough to watch and monitor each counting board.

Our elections are so secure that you literally have to defraud another voter. If the election fraud were ever committed, we the voters would be the first to know because when we request our absentee ballot or go in to vote on Election Day, someone would have already fraudulently requested a ballot by mail under our name. Not a single Michigander has reported such an issue.

The Board of Canvassers swiftly certified those far narrower election results in 2016, and every other election in our state's history. Please do not be the first Board to actively attempt to undermine our democracy that you were entrusted with protecting.

As public officials, you were entrusted to uphold our democracy by voting to certify our election results. Please uphold that duty on Monday. The world is watching.

You can help to calm the roiling waters that presently endanger our ship of state. I implore you to act decisively, to rise to the occasion and do the right thing, to certify this election clearly, proudly, and unanimously. In this historic moment, let Michigan be a beacon for the nation.

Sincerely,

Karen McWilliams

Dear Michigan State Board of Canvassers:

The fact that I am writing to ask you to do your jobs and certify the 2020 general election results and not disenfranchise Michigan voters and silence their voices should be alarming.

Any willingness to disenfranchise Michigan voters is beyond the pale. As you all know (or should know) when you accepted the role of being on the State Board of Canvassers, your primary job is performative—certifying the election, and elections-related MCL is clear on your duties and their scope.

Your legal duty is also clear. You must certify the election results, which all 83 counties have have certified. There is no wiggle room for obstructing the process. Furthermore, the members of the Board of Canvassers in its duties, has no discretion to delay state certification or to make dubious, unsubstantiated and unproven claims of fraud. Your non-partisan function is to certify the state results turned over to you by Michigan's 83 counties. To do anything less than certifying the election would be reckless, immoral, and a slap in the face of the thousands of election workers statewide from Clerks to AV counting boards to poll workers who worked hard and tirelessly to ensure that the election was carried out safely, securely, and accurately.

The world is watching and it is my sincerest hope that you will do the right thing. Show us that democracy works and please certify the results that voters decided.

Yours sincerely,

Even though my health is not the best, I have volunteered to work at a polling place for the most recent two elections here in Michigan. I am 64 and a lifelong Michigander. Over the years, I have voted for members of each party. Snyder was my choice for Governor when he ran. Kasich was my choice in the 2016 primary. For President, I voted for Biden, along with more than 150,000 of my fellows. Why? Primarily because I want our country to have the opportunity to return to decency and a greater sense of unity. Much damage has been done under Trump. These ridiculous claims of rampant fraud are doing damage to our democracy. Delaying the transition does further damage and puts us all at risk, especially as we are in a surging pandemic. Please do the right thing for country - not party. Certify this election as you would any other. Doing otherwise because of completely unsubstantiated claims of fraud is beyond the pale. Please, act like Americans.

Dear State of Michigan Board of Canvassers,

I congratulate all of you and those you represent at the county level, on an incredibly smooth well-run election during these most trying times.

That said, according to a wide variety of sources, there is speculation that things might not go as smoothly today when you are called upon to certify our election at the state level. I hope this is not the case. As a Michigan resident and voter in the state for over four decades, I would be shocked beyond belief and feel the system irrevocably damaged if you were to somehow not fulfill your legal obligation to formalize the will of the electorate.

Sincerely,

Gus Navarro

SUBJECT: STOP THE STEAL IN MICHIGAN - ***DO NOT CERTIFY THE VOTE***

Dear Michigan State Canvassing Board:

I am writing to ***urge you not to certify the election results of the 2020 Presidential Election*** until all investigations, forensic audits and exams are completed. In addition, we must see all legal cases that are before our State and Federal courts comprehensively processed on behalf of a fair election.

As you are aware, endless amounts of mail-in-ballots arrived at TCF between 3:00-4:30 am on November 5, 2020. These ballots were not observed by both parties, as required by Michigan law, but were brought in from the back door of TCF when "all counting was stopped" and most challengers were sent home. Michigan law states that all votes and absentee ballots must be completed by 8:00 pm on election day. This did not occur.

Federal and local legal teams have collected hundreds of signed and notarized affidavits of fraud, computer "errors" and proven transferral of votes from President Trump to Joe Biden. There are written affidavits confirmed by sworn oaths of poll workers, that challengers were kept 10-25 feet away from tables being "viewed". Also, outlined are eye witness accounts of voters being told to select Joe Biden on their ballot then being followed to the voting booth to ***"help" them cast their ballot for Joe Biden***, under the watchful eye of the election/poll worker. Senator Colbeck verifies that he was barred from re-entering the building to view military ballots, along with noting that approximately only 40 Republicans were allowed in to try and cover 134 tables. These statements need no further explanation. It is all illegal, unconstitutional and therefore uncertifiable!

There are more damaging examples of willful corruption and negligence surfacing every hour. Most recently, the Republican Canvassers in Wayne County were publicly harassed, threatened and promised a comprehensive audit to change their vote on certifying the results, only to be made a mockery of by Secretary of State, Jocelyn Benson, stating almost immediately that there would be NO AUDIT of the vote. The outrage is measurable by we the people who believe in the law and constitution. A 71% tabulation discrepancy is NOT acceptable.

At this point, I do not have trust or faith in the results from these scham canvassing processes that have been completed in many counties of Michigan, but most egregiously in Wayne County, Michigan. This election has been stained by too many issues and suspicions to be legally certified, and I am counting on you to STAND UP STRONG for the law and the oath you took to uphold the Constitution of the United States of America.

Thank you for standing up for Michiganders.

Regards,

Dear Michigan State Board of Canvassers,

I am a retired Teacher who taught for forty(40) years and a lifelong resident of Michigan. Thank you for reading and thinking about my comments.

I totally support certification of Michigan's election today for the following reasons: Michigan voters have spoken in an election where there were no signs of widespread error or fraud.

Also, I want to emphasize that Joe Biden won Michigan by 154,000 votes which is fourteen(14) times more than Donald Trump in 2016.

I am thankful that all Michigan counties have certified election results.

Therefore, I expect and support certification of Michigan's election without delay.

I respect you as the experts who look at facts in a nonpartisan way. I am asking you as members of this State Board of Canvassers of this Great State of Michigan to move this election process forward again, based on non-partisanship.

I am a proud voter, Michigander, and American!

Thank you!

Sincerely,

Anne PaquetHoward

State Board of Canvassers,

The Board of Canvassers must certify state election results. Michigan should not allow itself to become a partner in President Donald Trump's delusional quest to retain the presidency. The state Board of Canvassers should certify the results of the Nov. 3 balloting and put this election to rest. State law requires the board to certify an election once the 83 county canvassing boards have approved the local results. That's been done.

The law does not allow for individual discretion on the matter. The board has never failed to certify an election. If audits are desired, they can be held only after the election is certified and all recounts complete. State law is also clear on that matter. The canvassers swore an oath to honor the state constitution. Their word commits them to certifying this election.

Michiganders from the Upper Peninsula to Detroit turned out in substantial numbers and elected Joe Biden by an overwhelming margin of 154,000 votes.

I'm writing because you have a sworn duty to certify the election and uphold the will of the voters. Any attempt to derail certification would violate your sacred oath and our rights as voters.

The United States has always conducted a democratic transfer of power, passing the baton from one leader to the next regardless of party.

I hope you will live up to your sworn oath and uphold the will of Michigan voters by certifying their results today.

State Board of Canvassers,

I worked as a poll worker for the first time this year and saw first hand how robust Michigan's voting security is. The handful of issues found are explainable, typical, and inconsequential. Additionally, I have yet to hear an explanation for why issues in blue leaning, black populated areas require investigation where white populated areas with the same (or worse!) issues require none.

Deciding the validity of the vote is outside of your scope. The towns, cities, and counties have done their due diligence and will complete an audit after you certify, just like during the primary--the primary you unanimously certified despite there being MORE discrepancies than now.

Your job, for which you took an oath, is to certify the result of the votes that we Michiganders cast. That result was for Joe Biden, 150,000 strong. Do your job. Is refusing really worth criminal charges, the loss of your post, the disgust of the people you serve and a blow to our democracy? The President will not remember your name next week. We will.

Uphold the will of Michigan voters by certifying their results today.

State Board of Canvassers,

In America, we the voters pick our leaders -- our leaders don't get to pick and choose who they listen to and who they silence. And in our democracy, "We The People" means voters of every color and creed, background and zip code, no exceptions.

Michiganders from the Upper Peninsula to Detroit turned out in substantial numbers and elected Joe Biden by an overwhelming margin of 154,000 votes.
